

# Of Men and Their Ships Smut Peddlers, Beware! Supervisor Chase Says

"Down to the Sea in Ships" an hour-long color documentary appearing on television next month will be co-sponsored by Southern California Edison Co.

It will be the first in a series of four prime-time Specials to appear on NBC-TV between December and May, according to Edison

district manager L. E. Jenkins.

To be aired Wed., Dec. 11, at 10 p.m., "Down to the Sea in Ships" is a spray-whipped ode to men, ships and the deep waters that made them or claimed them.

Narrated by Burgess Meredith, the hour Special captures the aura of mystery and romance which has surrounded man and the sea since oceans first became his province.

By BRTON W. CHACE  
County Supervisor

In our constant search for efficiency and spending cuts in government, the Board of Supervisors must be careful not to fall into traps posed by "false economies."

Supervisors avoided such a trap recently when they voted to continue the Commission on Obscenity and Pornography. In fact, additional staff help for the Commission was approved.

It has been suggested that this Commission, as well as other citizens advisory groups, was not accomplishing much and was placing a great deal of tax burden on the citizens. Although there may be some advisory groups which can be eliminated, such is not the case with the Commission on Obscenity and Pornography.

THIS KEY, 15-member group of citizens is a leader

in the county's efforts in the war on smut and pornography. It is charged with the job of assisting the District Attorney, Sheriff, Superintendent of School, and County Counsel in legal efforts to eliminate pornography.

Up until last month, commissioners were not reimbursed for attendance at meetings, and total operating cost for the last fiscal year was \$973. That in-

cludes staff and supplies.

During this fiscal year, operating costs will rise to \$3,947 and commissioners will be compensated at a rate of \$25 per meeting, not to exceed 12 meetings a year.

THIS IS A moderate price to pay for the best thinking and good advice of interested citizens. Without such advice from the public, government at all levels would be at a great loss.

Let's look at what this commission has done. It has:

- Coordinated public opinion against obscenity and pornography through educational activities.
- Worked for the passage of legislation against pornography.
- Spearheaded local efforts in the battle in the metropolitan Los Angeles County area, which is identified as a major center for the publication and distribution of smut.

IN ADDITION, support of the commission by the county is tangible evidence of the Board of Supervisors' continuing concern over this public issue.

Just because efforts against pornography have proven somewhat futile in the past is no reason the battle should be abandoned. The problem, unfortunately, is more acute now than ever.

Court decisions have made enforcement of anti-pornography and obscenity laws difficult, in some cases, overshadow, however, the above-stated accomplishments of the commission.

Supervisors made a wise choice in continuing the commission, and I am glad to say my vote was with the group all the way.

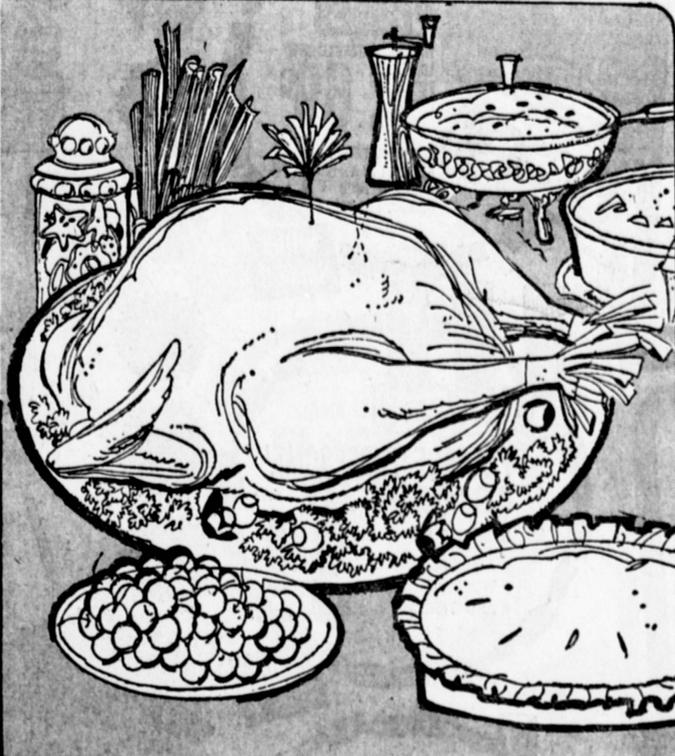

SOUTH BAY area residents interested in learning basic skiing techniques without leaving their community may wish to take note of a program sponsored by the County Department of Parks and Recreation.

The department is conducting dry land ski classes at Alondra Park, at 7:30 p.m. for four consecutive evenings. The classes are set Nov. 25, Dec. 2, 9, and 16 at the park, 3850 W. Manhattan Beach Blvd.

Dick Atkinson, Mt. Baldy skin instructor, will conduct all sessions. Enrollment cost is \$4 per person, and applicants may register now at the park. Additional information is available by calling 749-6911, extension 563.

THE LOMITA Office of the County Engineer led the county to the largest October building volume since the all-time record of \$69 million was set in April. October's total was \$55 million.

PETER REVSON PEYTON CRAMER

## Car Racing Pair Open Dealership

Peter Revson and Peyton Cramer, car racing figures, have announced the formation of a partnership and the opening of a Lincoln-Mercury dealership.

Known as Peyton Lincoln-Mercury, the new dealership is presently located at 1850 S. Cabrillo Ave., in San Pedro, the site once occupied by Cabrillo Lincoln-Mercury.

Plans, however, call for the construction of a new million dollar facility in nearby Harbor City, with ground due to be broken some time in late November.

The new plant will cover four acres, more than double the size of the present facility, with Revson and Cramer utilizing knowledge gained in a combined total of over 20 years of world-wide auto racing competition to specialize in high performance products.

"Although we're high performance geared," said President and General Manager Cramer, "we'll also carry a complete line of all Lincoln and Mercury Products, as well as the elegant new Mark III."

A separate leasing and daily rental business is also planned.

Revson, generally recognized as one of the top race drivers in the world today and currently one of the leaders in the Canadian-American Challenge Cup series, will serve as vice-president of Peyton Lincoln-Mercury.

## 'Danger Days'

### Shoppers Get Helpful Tips

"Danger Days" are almost here, District Attorney Evelle J. Younger said today. That's the period between Thanksgiving and New Year's Day.

It's a dangerous time for shoppers, merchants, and automobile drivers, but it's a "holiday" for criminals, Younger said this week as his office began the second annual campaign to alert county residents.

During the holiday season, he continued, "We are asking residents to ask themselves this question: 'How close am I to committing or being the victim of a crime?'"

Shoppers are particularly prone to becoming victims of crimes, Younger noted, because so many persons are making purchases for Christmas, and pickpockets and shoplifters are very active.

He offered these simple rules for shoppers:

- Always place your purchases in the automobile trunk, not on the floor or seat of your car.
- Always lock your car and close the windows.
- Always hold your purchases tightly so that they cannot be taken.
- Hold onto your purse, so that it can't be taken.
- If you use a charge plate, always remember to get it back from the salesclerk.
- If shoppers follow these rules, Younger added, they will certainly have a happier holiday season.

Birch Society To Show Film

The Harbor Area and South Bay Chapters of the John Birch Society will present the film "The Grand Design" tomorrow at 8 p.m. at the American Opinion Library, 1532 Carson St.

The film will be followed by a question-and-answer session. There is no admission charge.
